**Reg no: 2280151**

**Section: B**

**LAB: 02-B**

### Task 1 - Assign tags via the Azure portal:

The screenshot shows the Microsoft Azure portal interface. At the top, there's a navigation bar with 'Microsoft Azure' and an 'Upgrade' button. Below it, a search bar says 'Search resources, services, and docs (G+)' and a Copilot button. On the right, there's a user profile for 'muhammadosama0661...' and options to 'Sign out', 'Switch directory', and 'Sign in with a different account'. The main content area shows a 'Create a resource group' page. It has tabs for 'Basics', 'Tags', and 'Review + create', with 'Review + create' being selected. Under 'Basics', there are fields for 'Subscription' (Azure subscription 1), 'Resource group name' (az104-rg2), and 'Region' (Central India). Under 'Tags', there's a 'Cost Center' field with '000'. At the bottom, there are 'Previous' and 'Next' buttons, and a prominent blue 'Create' button. A success message box is displayed in the center: 'Resource group created' with a checkmark icon, followed by the text 'Creating resource group 'az104-rg2' in subscription 'Azure subscription 1' succeeded.' with a link to 'Go to resource gr...'. There are also 'Pin to dashboard' and 'Close' buttons.

The screenshot shows the Azure Resource Group Overview page for 'az104-rg2'. The left sidebar includes links for Overview, Activity log, Access control (IAM), Tags, Resource visualizer, Events, Settings, Cost Management, Monitoring, Automation, and Help. The main content area displays the following details:

- Subscription (move) : Azure subscription 1
- Subscription ID : b27ea303-a842-43a4-8123-8bdf4aec006b
- Deployments : No deployments
- Location : Central India

Tags (edit) : Cost Center : 000

The screenshot shows the Azure Resource Group Tags page for 'az104-rg2'. The left sidebar includes links for Overview, Activity log, Access control (IAM), Tags, Resource visualizer, Events, Settings, Cost Management, Monitoring, Automation, and Help. The main content area displays the following details:

Tags are name/value pairs that enable you to categorize resources and view consolidated billing by applying the same tag to multiple resources. Learn more about tags.

Do not enter names or values that could make your resources less secure or that contain personal/sensitive information because they can be visible in logs and metrics.

The screenshot shows the 'Tags' section of the 'osamastorage' storage account overview. A single tag named 'Cost Center' is defined with the value '000'. The interface includes a sidebar with various monitoring and diagnostic tools like 'Diagnose and solve problems', 'Access Control (IAM)', 'Data migration', 'Events', 'Storage browser', 'Storage Mover', 'Partner solutions', and 'Resource visualizer'.

## Task 4 - Configure and test resource locks:

The screenshot shows the 'Locks' section of the 'az104-rg2' resource group. A new lock is being created with the name 'rg-lock' and type 'Delete'. The 'Locks' section is highlighted in the left sidebar, which also includes 'Cost Management', 'Monitoring', 'Automation', and 'Help'.

The screenshot shows the Azure portal interface. At the top, there is a blue header bar with several icons: a square, a gear, a question mark, a person icon, and a lock icon. To the right of these icons, the user's name "muhammadosama0661..." and "DEFAULT DIRECTORY (MUHAMM...)" are displayed, along with a profile picture and a lock icon.

Below the header, a modal window is open with the following content:

- A red exclamation mark icon followed by the text "Delete resource group az104-rg2 failed".
- A message stating: "The resource group az104-rg2 is locked and can't be deleted. Click here to manage locks for this resource group."
- A button labeled "Help me troubleshoot" with a gear icon.
- A "X" icon in the top right corner of the modal.

At the bottom of the modal, there is a "JSON View" link.

On the left side of the main content area, there is a sidebar with the text "using Bicep or Terraform" and a "V" icon followed by "Open query".
